corneliusmwalavu@gmail.com

PERSONAL STATEMENT

Business Information Technology graduate with CCNA certification and a multifaceted background in data analytics, IT support, and ERP functional consultancy. Experienced in driving technology-enabled solutions, managing innovation projects, and leveraging data for decision-making. Skilled in GIS, remote sensing, IoT, AI, and digital tools that support conservation, operational efficiency, and community development. Proven ability to lead cross-functional teams, manage collaborative spaces, and deliver technology-driven outcomes that align with organizational goals. Passionate about using innovation and technology to transform conservation and community livelihoods.

- Website Design (HTML, CSS)
- Tableau (Dashboards & Visual Analytics)
- R (Data Analysis & Visualization)
- Python (Data Analysis – Pandas, NumPy)
- Advanced Excel (Power Query, Pivot Tables)
- ESRI Mobile Applications (Field Data Collection)

CORE SKILLS

- Innovation & Project Management: Technology-driven projects, ERP deployment, user training, project delivery
- Emerging Technologies: IoT, GIS, Remote Sensing (QGIS, ArcGIS, Drone Data), AI tools, Data Analytics
- Data Management & Analytics: Python, R, SQL, Power BI, SPSS, ecological data analysis
- ERP & Systems: Microsoft Dynamics 365 (Finance, HR, SCM, Fleet, CRM)
- Support & Networking: IT troubleshooting, network configuration (CCNA)
- Collaboration & Capacity Building: Workshops, training, stakeholder engagement, knowledge sharing

PROFESSIONAL EXPERIENCE

Research Data Analyst – Mpala Research Centre (Jan 2024 – Present)

- Designed and executed field research in forest ecosystems, applying GIS, IoT devices, and remote sensing for biodiversity monitoring.
- Analyzed datasets using R, SPSS, and statistical models, producing actionable insights for conservation.

- Led data management and quality control for ecological databases, ensuring data integrity and accessibility.
- Collaborated with multidisciplinary teams and conservation partners to develop research protocols aligned with global standards.
- Mentored interns and volunteers through capacity-building workshops and field training.
- Integrated technology solutions into conservation monitoring, including drone data and GIS mapping.

Functional Consultant – Dynasoft Business Solutions Ltd. (Nov 2021 – Aug 2023)

- Implemented and supported Microsoft Dynamics 365 Business Central across Finance, HR, SCM, and Fleet.
- Designed Power BI dashboards for ERP analytics and operational performance.
- Oversaw system deployments, translating business requirements into technical solutions.
- Conducted user training and developed manuals, enhancing digital adoption and efficiency.

Customer Service Representative – Dlight Company (May 2021 – Oct 2021)

- Improved customer service delivery through data-driven analysis of feedback and retention metrics.
- Implemented process improvements that enhanced customer satisfaction and sales.

ICT Support Intern – The National Treasury (Jan 2020 – Apr 2020)

- Provided IT support including software installations, system maintenance, and network troubleshooting (IP/DNS).
- Managed system backups and data recovery, ensuring operational continuity.

EDUCATION

BSc in Business Information Technology – Dedan Kimathi University of Technology (2016 – 2021)

CERTIFICATIONS

- Cisco Certified Network Associate (CCNA 1 & 2)
- Data Analytics Essentials – Cisco
- Introduction to Data Science – Cisco
- Introduction to IoT – Cisco
- Artificial Intelligence Fundamentals – IBM
- Introduction to Business Intelligence – CFI
- Microsoft Dynamics 365 Business Central (Finance, Supply Chain Management)
- Power BI, Data Analytics using Excel
